

## Someday (I'm Coming Back)

Lisa Stansfield

Someday I'm coming back, and it won't be long  
Before you call me and tell me to come home  
Someday I'm coming back, and it won't be long  
Before I'm home, home and in your arms

What did I do my darling ? That made you send me running  
Told you to cast me down and throw me out  
What can I tell you honey, If I don't know what I've done  
All I can hope is that you ask me to come back home

Someday I'm coming back, and it won't be long  
Before you call me and tell me to come home  
Someday I'm coming back, and it won't be long  
Before I'm home, home and in your arms

Even in stormy weather, we always stick together  
You always kept me near, we're so sincere  
So why so sudden the change of heart  
Why do I feel like I've done wrong ?  
When all that I want is that you ask me to come back home

Someday I'm coming back, and it won't be long  
Before you call me and tell me to come home  
Someday I'm coming back, and it won't be long  
Before I'm home, home and in your arms

Someday, someday (I never wanted anyone so much)  
Someday, someday

What did I do my darling ? That made you send me running  
Told you to cast me down and throw me out  
What can I tell you honey, If I don't know what I've done  
All I can hope is that you ask me to come back home

So why so sudden the change of heart  
Why do I feel like I've done wrong ?  
When all that I want is that you ask me to come back home

Someday I'm coming back, and it won't be long  
Before you call me and tell me to come home  
Someday I'm coming back, and it won't be long  
Before I'm home, home and in your arms
