

Stupid Heart

Lisa Stansfield

Oh, stupid heart of mine
Watching make me fall in love
No, you never took the time
To make me realize it could all go wrong

Oh, stupid heart of mine
Watching make me fall so hard
Now I've got to pick myself up
Go back where I started wrong

And I only have myself to blame
And I tried so hard to forget his name
And I will never, never, never be the same

Oh, stupid heart of mine
Watching make me fall so hard
Now I've got to pick myself up
And go back where I started wrong

AND I only got myself to blame
And I tried so hard to forget his name
I will never, never, never feel the same
I will never, never, never feel the same

Oh, stupid heart of mine
Watching make me fall in love
No, you never took the time
No, no, no, no, no, no, no
To make me realize it could all, all go wrong
Yes, stupid heart
You, you, you stupid heart
No, you belong to me baby
But you've made the wrong decision babe
Ask me why you make me fall in love
