

The Rain

Lisa Stansfield

It's just a pitter pitter pat of the wind
It's not the grave matter of my grave
It's just a drip drip drop of everything that I've got
It's my tears again

Just can't stop the rain
Just can't stop the rain

You took the boom boom boom of my heartbeat
And stole my very last breath away
And now the drip drip drop takes everything that I've got
Gone my tears again

I just can't stop the rain, no no no
I just can't stop the rain

They say a pitter pitter pat is good for ya
But now there's nothing to kick the pain
You made my heart stop, baby, all that I've got
Are the tears, oh yeah

Just can't stop the rain, no no no no
I just can't stop the rain, no
Just can't stop the rain, no no
I just can't stop the rain, no no
No, it just won't stop

It's just a pitter pitter pat of the wind
It's not the grave matter of my grave
It's just a drip drip drop of everything that I've got
It's my tears again

I just can't stop the rain, no
Just can't stop the rain...
