

Go for a Walk

Lissie

I think I'll go for a walk
Cause it's a nice day for it
Tune out the talk
Take a breath and start again
And where I'll go, oh, I don't know
The path will show, oh, oh

The grass gives a scent
Memories I forget
Air clears my mind
And suddenly I find
So much hope, oh, oh
Thrown around, oh, oh

Don't want my life passing me by
But I got time to make things right
I wanna feel, I wanna feel my life

The light on the knees
Reminds me of my dreams
Oh, these simple things
Better than anything
The sun sinks low, whoa, oh
And I just let go, oh, oh oh

Don't want my life passing me by
But I got time to make things right
I wanna feel, I wanna feel my life
I wanna feel, I wanna feel my life, yeah

Don't want my life passing me by
But I got time to make things right
I wanna feel, I wanna feel my life
I wanna feel, I wanna feel my life
I wanna feel, feel, feel, feel
I wanna feel, I wanna feel, ah, feel, ah
Feel, ah, feel, ah, ah, ah, ah
I wanna feel my life
