

Look Away

Lissie

Look away from my window
Look away from my door
I fear my dear it's all too clear
And the paper heart's been torn

Can't you stay through the night please
Can't we pray on our knees
To keep us calm right where we belong
In a fortress of pine trees

The wind sighs button up now
Don't look behind, keep your vows
Let the moon cry and the bricks to crumble down
I won't be found, I won't be found, I won't be found, I won't be found out

Can't explain what I'm feeling
But I came this far
To take your hand
Help you understand why I'm always wanting more

The wind sighs button up now
Don't look behind, keep your vows
Let the moon cry and the bricks to crumble down
I'll not be found, I'll not be found, I'll not be found, I'll be found out

ah-ooh-ahhhs

Look away from my window
Look away from my door
I won't leave
I can't feel nothing
Anyways anymore
Anyways anymore
Anyways anymore

The wind sighs button up now
Don't look behind, keep your vows
Let the moon cry and the bricks to crumble down
I will be found, I will be found, I will be found, I will be found out

I will be found, I will be found, I will be found, I will be found out
