

# When I'm Alone

Lissie

I turned my back  
You were gone in a flash  
Like you always do  
You've always gone off  
Somewhere else

And when the phone rang  
And I thought it was you  
And I sprung like a kid  
Who just got out of school  
But it's almost  
Always never you  
Never you

I scream like a child  
My insides went wild

When I'm alone with you, you make me feel, you make me feel  
When I'm alone with you, you are the one, you are the one

When I reach out and I only grab air  
And it kills me to think  
That you never did care and it's hopeless  
You've always run off somewhere else  
I'm throwing a tantrum  
Why are you such a phantom

When I'm alone with you, you make me feel, you make me feel  
When I'm alone with you, you are the one, you are the one

When I'm alone with you, you make me feel, you make me feel  
When I'm alone with you, you are the one, you are the one

Reminds me of home  
When you're around me  
Next time you leave  
Don't go without me

No, don't go, no!

When I'm alone with you, you make me feel, you make me feel  
When I'm alone with you, you are the one, you are the one

When I'm alone with you, you make me feel, you make me feel  
When I'm alone with you, you are the one, you are the one
