

## Hard To Find

Lit

Look around, look around you answers  
(Someone tell me)  
Where can I, where can I find faith again  
(Can you help me?)

I'm running aimless just to  
Try to and find a place to belong  
I try explaining, but the words are  
Always coming out wrong  
There's so much more to myself than this

And it's so hard to find  
And it's so hard to find  
I know you're out there

Closer now, close than I've ever been  
(To being too far gone)  
Running out, running out of you again  
(Can you fuel me?)

I'm numb and painless  
Just to keep me feeling nothing at all  
I try in vain but nothing seems  
To be working at all

And it's so hard to find  
It takes so long to get things right  
And it's so hard to find  
I know you're out there

There's so much more to myself than this  
I know there's more to myself than this

And it's so hard to find  
And it's so hard to find  
So hard to find  
It takes so long to get things right  
And it's so hard to find  
I know you're out there  
I know you're out there  
Somewhere out there
