

I Don't Get It

Lit

(I Dont Get It) I dont get why you take such a big amount of wh
at we
Work so hard to f*ckin' make I don't get why we can't do
What we want to when it doesn't hurt you I don't get it
I don't get why we can't smoke
Just because you say it's bad
What mother nature chose to grow I don't get it I don't why we
should change
What we said here to so
We dont have to expalin I don't get it I can't make sense of an
ything
I can't make sense of anything I can't make friends with anyone

I don't get anything at all It doesn't matter anymore
