

Needle & Thread

Lit

Sometimes you wonder
Whats wrong with my mind
You try to find it
But theirs nothing to find
Whoa, you'll never know
I keep on falling
But i dont hit the floor
You say there's something
But you're looking for more
Whoa, you'll never know

I wouldn't do you wrong over again

Heres the needle and thread
To mend your broken heart

The words you're screaming
Echo in my head
You're feeling blue
And you're seeing red
Whoa, you'll never know
In trying hard
To think of something to say
To make it better
But you push me away
Whoa, you'll never know
Whoa, you'll never know

Heres the needle and thread
To mend your broken heart

It don't take much to break you
You don't need this to make you
