Times Like This

You're the song that's stuck in my head I try to think of something else It keeps coming back again Says she wants to end it I'll just keep pretending

And there you go Turning up again

It's times like this I need a friend I'll take a hit and hold you in Can't live, can't breathe, I'm underneath It's times like this I need You here with me, with me

There's a stranger here in my bed I try to think of something else All I see is you instead Says she wants to hang out I'm just trying to break out

And there you go Turning up again

It's times like this I need a friend I'll take a hit and hold you in Can't live, can't breathe, I'm underneath It's times like this I need You here with me, with me

And here I go Turning up again

It's times like this I need a friend I'll take a hint and hold you in Can't live, can't breathe, I'm underneath It's times like this I want you here It's times like this I need you here with me, with me
