

# Inside

Lita Ford

Looking in the mirror  
Don't necessarily  
Like what I see  
When you are staring at me  
Do you think you know who  
This person is are you right  
Where you want to be  
Believe in yourself  
In yourself

Feel you from the inside  
My souls is burning for you  
Feel me from the inside  
Inside you's where I wanna be  
Feel me from the inside  
My soul's on fire for you  
Feel you from inside  
The inside the inside

On a dream to nowhere  
A wicked fantasy  
Just you and me, just you and me  
That's how I want it to be  
Close your eyes forever  
I'll always be by your side  
Right where you want me  
And I want you

Feel you from the inside  
My soul is burning for you  
Feel me from the inside  
Inside you's where I wanna be  
Feel me from the inside  
My soul's on fire for you  
Feel you from inside  
The inside the inside

Feel me, feel me inside  
Feel me, feel me inside

Feel you from the inside  
My soul is burning for you  
Feel me from the inside  
Inside you's where I wanna be  
Feel me from the inside  
My soul's on fire for you  
Feel you from inside  
The inside the inside

I wanna feel you from the inside  
I wanna feel you from the inside  
I wanna feel you baby  
I wanna feel you baby  
I wanna feel you from the inside  
Inside, inside, inside
