

# What Do You Know about Love

Lita Ford

You walk tall, you act proud  
Leave the little girls cryin' out loud  
You got it all, it's not enough  
When it comes to love, babe you're outta luck  
Yeah, I know I'm a fool  
Tryin' to find a way to get next to you

I wanna tie myself to your bed of fire  
But you'll only cut me loose once you had enough

Tell me, what do you know about love  
Spreadin' yourself all over town  
What do you know about love  
There's a lot more to it than lyin' down

Your mind's tickin', your heart stop  
Your eyes are ice cold, your lips are red hot  
Little lies that you tell  
Whispered like an angel straight from hell  
Live wire, short fuse  
Walkin' detonator in snakeskin boots

You're a bad mistake but I can't wait to make you  
I'm gonna shake you from your sleepwalk in the dark

Hey, what do you know about love  
With your dirty mind and your heart of stone  
What do you know about love  
You got a lot of friends but you're all alone  
How can you run from the truth  
Spreadin' yourself all over town  
What do you know about love  
There's a lot more to it than lyin' down

The day will come, you take a long hard look in the mirror  
And your pretty face starts to look a little rough

What do you know about love  
What do you know about love  
How can you run from the truth  
Baby, baby, run away, yeah

What do you know about love  
With your dirty mind and your heart of stone  
What do you know about love  
You got a lot of friends but you're all alone  
How can you run from the truth  
Spreadin' yourself all over town  
What do you know about love  
There's a lot more to it than lyin' down

What do you know about love  
What do you know about love  
What do you know about love
