

Everything Changes

Little Big Town

I saw you before you saw me
Yeah, it really took me back
Can't believe how long it's been

Took you awhile to recognize me
Oh, imagine that
When we were so close back then

No, nothing stays the same
Love, oh it slips away, it slips away

Everything changes, doesn't it baby?
It's amazing how time flies
Turning the pages of yesterday
In only the blink of an eye
Everything changes, everything changes, everything

Somewhere I still have the picture
You were in that party dress
I remember dancing slow
(Hey, I remember dancing slow)

Thought those days would last forever
How soon we forget
And how far away they go

No, nothing stays the same
Love, oh it fades away, it fades away

Everything changes, doesn't it baby?
It's amazing how time flies
Turning the pages of yesterday
In only the blink of an eye
Everything changes, everything changes, everything

We try to hold it in our hands
But love falls through like grains of sand
One day it's there and then it's gone
Gone, it's gone, gone

Everything changes, doesn't it baby?
It's amazing how time flies
Turning the pages of yesterday
In only the blink of an eye
Everything changes, everything changes
Everything changes, everything changes, everything
