## **Everything Changes**

## **Little Big Town**

I saw you before you saw me Yeah, it really took me back Can't believe how long it's been

Took you awhile to recognize me Oh, imagine that When we were so close back then

No, nothing stays the same Love, oh it slips away, it slips away

Everything changes, doesn't it baby?
It's amazing how time flies
Turning the pages of yesterday
In only the blink of an eye
Everything changes, everything changes, everything

Somewhere I still have the picture You were in that party dress I remember dancing slow (Hey, I remember dancing slow)

Thought those days would last forever How soon we forget And how far away they go

No, nothing stays the same Love, oh it fades away, it fades away

Everything changes, doesn't it baby?
It's amazing how time flies
Turning the pages of yesterday
In only the blink of an eye
Everything changes, everything changes, everything

We try to hold it in our hands But love falls through like grains of sand One day it's there and then it's gone Gone, it's gone, gone

Everything changes, doesn't it baby?
It's amazing how time flies
Turning the pages of yesterday
In only the blink of an eye
Everything changes, everything changes
Everything changes, everything changes, everything
