## Little Big Town

She caught him sleeping in a liars bed  
Sneaking around just like a copperhead  
Mr hotshot will loose right now  
Love turned the corner and she turned the page  
Fueled by the fire of a lovers rage  
Now shes more than just leaving

Love never hurt so bad  
She bruised and betrayed shes bitter and shes mad  
Shes on a mission better watch your back  
Cause Hell has no fury like that  
Like that like that

She still remembers there was a time  
She thought that he could turn her water to wine  
Now thats long gone hes foreign to her  
She dont need to hear the other side  
His lame excuses cant be justified  
And sorry wont cut it this time

Love never hurt so bad  
She bruised and betrayed shes bitter and shes mad  
Shes on a mission better watch your back  
Cause Hell has no fury like that  
Like that like that

Ooohohohohohohohohohooooohoooh  
Ooohohohohohohohohohooooohooohooohoooh

Love never hurt so bad  
She bruised and betrayed shes bitter and shes mad  
Shes on a mission better watch your back  
Cause Hell has no fury like that  
Like that like that

Hell has no fury  
Hell has no fury  
Hell has nor fury like that
