

Only What You Make of It

Little Big Town

You're like everybody else
Gotta deal with much on doubt
You choose the story that you tell
Blame the world or blame yourself
Sometimes life comes at your heart and it's easy
To let it drag you down
Yeah I get it it's mess
It's a struggle it's a test
But can you find a place to rest
In a house of bitterness
Just cause it ain't what you planned
Don't mean it ain't what it oughta be

Cause it's only what you make of it yeah
It's only what you make of it yeah
It's only what you make of it
And you make it so hard on yourself

What you do and what you want
What you will and what you don't
What you take and you give up
What you're risking when you give up
It's just where you're looking from
If you walk or if you run
You take the long way back

Cause it's only what you make of it
Yeah it's only what you make of it
Yeah it's only what you make of it
And you make it so hard on yourself

You go looking for the darker side
Of anything you know you're gonna find it
You can hold on to it until it
Takes your wonder or you can let it go
Oh let it go oh

Ooooooh ooooooh ooooh
No it ain't all your fault
But you know it isn't right
It ain't always fair

But it's only what you make of it
Yeah it's only what you make of it
Yeah it's only what you make of it
And you make it so hard on your self
You make it hard

It's only what you make of it with echo
