

Pain Killer

Little Big Town

Don't need no whiskey when I've had a bad day
No prescription honey when my skies are gray
No poppin' the pills, no smokin' the thrills
To make me feel okay
You go down easy baby
I could drink you by the case

You're my pain killer
A little dose of you goes a long, long way
You're my pain killer
Oh, you take it awa-a-a-a-a-a-ay
You take it away

Don't need no fixin', I don't need no therapy
Your love drunk kissin' is my kinda remedy
You're always lifting the fog, you're like the hair of
the dog when I'm feeling cursed
Don't need no doctor honey, I don't need no nurse

You're my pain killer
A little dose of you goes a long, long way
You're my pain killer
Oh, you take it awa-a-a-a-a-a-ay
You take it away

Oh, you take it awa-a-a-a-a-a-ay
You take it away

You're my one pain killer
You're my midnight thriller

You're my pain killer
A little dose of you goes a long, long way
You're my pain killer
Oh, you take it awa-a-a-a-a-a-ay
You take it away

Oh, you take it awa-a-a-a-a-a-ay
You take it away
