

Rollin'

Little Big Town

Ooh, ooh, ooh, ooh

I'm gonna take my time
Throw it in neutral
Tip toe
Pick my foot up off the break (Ooh)
I'm gonna redefine
Smooth in stereo
Drop low
While the highway plays

I keep on rollin'
Get Lucky like the strike that you're smokin'
Winning easy like the dice that I'm throwin'
It's a don't let nothing get to you strategy
I keep, I keep rollin'

Ooh, ooh, ooh, ooh

Watch me as I go
Excuse me while I ride this wave
Au revoir, Auf wiedersehen
It's a slippery slope
But I don't let it phase my pace
On and on again

I keep on rollin'
Get Lucky like the strike that you're smokin'
Winning easy like the dice that I'm throwin'
It's a don't let nothing get to you strategy
I keep, I keep rollin'

Through your roadblock paradise
I could do this all damn night
I got this secret up my sleeve
I keep, I keep, I keep on, I keep on
I keep on, keep on, keep on rollin'

I keep on rollin'
Get Lucky like the strike that you're smokin'
Winning easy like the dice that I'm throwin'
It's a don't let nothing get to you strategy
I keep, I keep rollin'

Ooh, ooh
(Rollin') Ooh
I keep, I keep rollin'
