Shut Up Train

Little Big Town

Shut up train I'm trying to sleep Can't you show me a little sympathy This is the only time I can get any peace So shut up train I'm tryin to sleep

Every time the front door shakes Every time I hear the breaks And that long whistle cryin through the night I'm reminded of the way I feel Just like that cold black steel Gettin crushed by your wheels tonight I don't need no more pain so shut up train

I hope you're happy now I am wide awake Now I gotta deal with every ounce of this heartache Why your moving on I'm stuck in this place It's all your fault so shut up train

Every time the front door shakes Every time I hear the breaks And that long whistle cryin through the night I'm reminded of the way I feel Just like that cold black steal Gettin crushed by your wheels tonight I can't take no more pain so shut up train

Shut up train stop rubbin it in You've made your point I gave up you win You win

You're all the noise all the pain every night same ole thing (You're all) Why don't you shut up train go on shut up train (You're all) I give up I give in raise a flag let you in (You're all) Why don't you shut up train go on and shut up train (You're all) Oh shut up train (You're all) Shut up train
