

# The Reason Why

Little Big Town

I could love you  
Baby, if you want me to  
I could go and fall for you  
And never even try, hey, hey

I could let you in  
Baby, where nobody's been  
Yeah, I'm ready and willing  
To give this love a try, hey, hey

You're the reason why  
(Baby you're the only reason why)  
Don't wanna say goodnight  
(Keep kissing me don't wanna say goodnight)  
Yeah it feels so right  
(Everything is gonna be alright)  
You're the reason why, hey, hey  
You're the reason why, hey, hey

You're in my head  
Like a song I can't forget  
Wanna hear it over again  
And again hey, hey

You're the reason why  
(Baby you're the only reason why)  
Don't wanna say goodnight  
(Keep kissing me don't wanna say goodnight)  
Yeah it feels so right  
(Everything is gonna be alright)  
You're the reason why, hey, hey

I could love you  
Baby, if you want me to  
I could go and fall for you  
And never even try,  
And never even try, no  
And never even try, no  
And never even try  
You're the reason why

(Baby you're the only reason why)  
Don't wanna say goodnight  
(Keep kissing me don't wanna say goodnight)  
Yeah it feels so right  
(Everything is gonna be alright)  
You're the reason why, hey, hey

You're the reason why  
(Baby you're the only reason why)  
Don't wanna say goodnight  
(Keep kissing me don't wanna say goodnight)  
Yeah it feels so right  
(Everything is gonna be alright)  
You're the reason why, hey, hey  
You're the reason why, hey, hey  
You're the reason why, hey, hey

You're the reason why, hey, hey

Come on and take my hand  
I'm ready and willing  
Over and over again
