

Beautiful To Me

Little Birdy

Go ahead don't go
Don't leave my open arms all warm
And go see I don't know if your here for me
Well look the afternoon is the only place where you and I belong
Your mine forever and a day

Your beautiful your beautiful to me.
Your beautiful your beautiful to me.

Definitely this cannot be all that you
Have to offer love
When your on your own
Well look I fell in love
'Cause this world is way to big now

Your beautiful your beautiful to me.
Your beautiful your beautiful to me.

And its a love love love that is here with me

Well look the afternoon is the only place where you and I belong
Your mine forever and a day

Your beautiful your beautiful to me.
Your beautiful your beautiful to me.
Your beautiful your beautiful to me.
Your beautiful your beautiful to me.
