

Heroine

Little Boots

Do you remember?
I was your heroine
Wasted forever
Now I'm coming around (I'm
I was moving up
You were going down
Never gonna stop
A king without a crown
Do you remember?
Do you remember?

You were my hero
I was your heroine
You were my hero
I was your heroine

Do you remember?
I was your heroine
Wasted forever
Now I'm coming around (I'm coming around)
What have we become?
Where are we now?
Are we hanging on?
Are we gonna drown?
Do you remember?
Do you remember?

You were my hero
