

# Tune Into My Heart

Little Boots

Communication is never simple  
Especially when it's you that's on the receiving end  
As memories start to fade

I know the road it takes no prisoners  
The only thing that comes between us is distances  
More and more each day

Remember to tune into my heart wherever you are  
My frequency starts when we're apart  
I know that it's hard when things get dark

Tune into my heart whenever you're cold  
My transmission starts when you're alone  
I know that it's hard when things get dark

I know the journey's never easy  
When circumstances and dreams become a reality  
It's never quite the same

I only hope that you get this message  
I only hope that a part of me can get through to you  
Across the empty space

Remember to tune into my heart wherever you are  
My frequency starts when we're apart  
I know that it's hard when things get dark

Tune into my heart whenever you're cold  
My transmission starts when you're alone  
I know that it's hard when things get dark

Remember to tune into my heart  
Remember to tune into my heart  
Into my heart, into my heart  
Into my heart, into my heart

Remember to tune into my heart wherever you are  
My frequency starts when we're apart  
I know that it's hard when things get dark

Tune into my heart whenever you're cold  
My transmission starts when you're alone  
I know that it's hard when things get dark

Tune into my heart, tune into my heart  
Tune into my heart, tune into my heart  
Tune into my heart, tune into my heart  
Tune into my heart
