

# Sinners

Little Brother

Lord forgive us  
We all look for guidance  
God grant me the serenity to accept the things I cannot change  
The courage, to change the things I can  
And the wisdom to know the difference

I'm a nasty, filthy, disgusting, arrogant  
Cocky son of a you know, the word be traveling  
And my thoughts unravel when I stopped and got near to ya  
And checked out your posterior, oh lord it's  
So gorgeous, so fine, so thorough  
Body like a goddess, it's out of this world  
Not a sex therapist looking for inner peace  
I'm a sex terrorist hitting your Middle East  
And I know my sins won't get me to the promised land  
And for eternal life my chances ain't promising  
But I'm gonna find a way to shake these sinner heathens  
And take these inner demons out my life, I promise man

God delivers, God forgive us  
We all hustlers and thieves, we all sinners  
We all wandering men with lost spirits  
We all praying to heaven, can y'all hear us?  
God delivers, God forgive us  
We all wandering men with lost spirits  
We all crazy deranged and off-center  
We all guilty of lust, we all sinners

Got the perfect scheme, got the perfect team  
Got the perfect way where we can come up on cream  
Talking 'bout more money than you ever seen  
Talking 'bout enough money so you can live your dreams  
Got the perfect time, got the perfect date  
Got the perfect place, got the perfect weight  
Gotta slow it down, gotta catch my breath  
Gotta keep us on track 'fore we track a mess  
Got this lady upstairs in my busy-ness  
Gotta keep her upstairs causing me stress  
Gotta keep order, maintain the cover  
Gotta keep these dudes apart 'fore they kill each other  
He gotta keep his job, he had to tell his wife  
I'd be surprised if time come man we get it right  
The time's here, everybody in they places right?  
Time to go to work, let's have a great night

God delivers, God forgive us  
We all hustlers and thieves, we all sinners  
We all wandering men with lost spirits  
We all praying to heaven, can y'all hear us?  
God delivers, God forgive us  
We all wandering men with lost spirits  
We all crazy deranged and off-center  
We all guilty of lust, we all sinners

So when my time come please remember  
That I'm still just a man, just a lowly sinner  
Who's repenting right now God I hope you remember

Please open up your gates allow me to enter

I know my sins won't make me a better man  
But now I'm hoping for a life in a better land  
Where I can find a way to shake these sinner heathens  
And take these inner demons out my life, forever man

God delivers, God forgive us  
We all hustlers and thieves, we all sinners  
We all wandering men with lost spirits  
We all praying to heaven, can y'all hear us?  
God delivers, God forgive us  
We all wandering men with lost spirits  
We all crazy deranged and off-center  
We all guilty of lust, we all sinners
