## After the Rain

**Little Dragon** 

After the rain the temperature dropt And covered in ice was my window top I say goodbye I wave my hand As a thousand doves fly Across the blackened night

After the rain we forget We make sure we gain then we leave it 'Cause were a nation of forgetters Oh after the rain we pretend It's easier to begin without looking back

'Cause all at once air so thin And there's nothing left to breath in

After the rain we forget After the rain we forget

Behind a dream so rosy and red a pile of things to forget A voice of the past tiptoes in a cracking ghost whispering

After the rain we forget We make sure we gain then we leave it 'Cause were a nation of forgetters

After the rain we forget After the rain we forget

People where have you been Have you been hiding In you big houses People after the rain Will your life Will it ever be the same Oh people what will you do When you luck When it turns on you Wow people after the rain Will your life Will it ever be the same

After the rain we forget After the rain we forget After the rain we forget
