

Listen day by day
Post the work you share
Drownin' in a lifetime
Watchin' the silver blowin' hair
Watchin' the first Catching eyes and forcing Electric clouds of
information
Too fast

My world spin faster
Your world spin faster
My world spin
Your world spin
My world spin faster

Blind and blind and blind
Couldn't follow rules if I tried
Now we're such a speed
mankind, machine
There are souls, staring screens

So caught up
With the things I don't need
So fast
The world spin fast

My world spin faster
Your world spin
Our world spin
Your world spin faster
Ooh, ooh, ooh
Fast-er
