

## Precious

## Little Dragon

Precious, you know I can't stay  
I asked, you never told me  
So soon, I take myself back again, again, again  
I'm bitter sweet  
You know that I can't pretend

Precious, I cannot hold back  
I asked, and you put me off track  
So soon, I dream myself back again, again, again  
I'm bitter sweet  
You know that I can't pretend

Precious, you know I cant stay  
I asked, you never told me
