

All That You Dream

Little Feat

INTRO:

I've been down but not like this before.

Can't be round this kind of show no more.

All, all that you dream, it comes through shining silver lining and
clouds, clouds change the scene. Rain starts washing all love's caution

Into your life and you start to realize just what is true

What else can you do? For you just follow the rules and keep your
eyes on the road that's ahead of you.

I've been down but not like this before.

Can't be round this kind of show no more.

All of the good, good times were ours in the land of milk and honey and

time, time adds its scars, rainy days they turn to sunny

ones, you're living the life, living the life, loving every one
