

# How Could You Do It To Me

Little Milton

Hey, my mind is full of sad memories  
My heart and soul is full of pain  
Oh, I said my mind is full of sad memories  
My heart and soul is full of pain

Since I lost your love, baby  
Oh, my whole life it don't mean a thing

How could you do it to me, baby?  
Didn't you know you would break my heart?  
Oh, I wanna know, how could you, how could you do it to me, baby?  
Didn't you know you would break my heart? Yeah

I thought you loved me like I love you, yes I did  
Oh, but I guess you were playing a part

I, I went to see my doctor  
But I stopped outside the door  
Cause I knew that he would tell me  
What I already know

You see a doctor, he can't fix no heartache  
He can't even ease the pain  
What I need is your arms around me  
Oh, I'll never, never, never be the same

It's a sad situation  
I'll tell you I'm blue as I can be, yeah, yeah  
When you put your on the plane, baby  
Oh, don't you know you put some pain through me

Oh, oh  
How could you do it to me?  
Oh, no
