How Ya Doin'?

Little Mix

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

Ain't got no time for what you think can be described as love
How could you hold on me, you're missing me, I've had enough
It's been so long since you have treated me like I deserved
So long, baby I'm gone, you can leave a message for me after the tone

You called, I missed it
You called, I missed it,
You called, and I missed it,
Never get back in, tired of listenin'ÿ

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

I'm through will wish the things with you and me could be so good
Time to wake up or no make ups got make me fool
Too much history now it comes down to what things
So alone, baby I'm gone, you can leave a message for me after the tone

You called, I missed it
You called, I missed it,
You called, and I missed it,
Never get back in, tired of listenin'ÿ

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

Ah, Ah, Ah,
Number
Ah, Ah, Ah,
Number

You called, I missed it
You called, I missed it,
You called, and I missed it,
Never get back in, tired of listenin'ÿ

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

Hey, how ya doin'? Sorry you can't get through
Why don't you leave your name and your number
And we'll get back to you

(Never get back, never gonna get back)
Ah, Ah, Ah,
(Never get back, never gonna get back)
Number
(Never get back, never gonna get back)
Ah, Ah, Ah,
(Never get back, never gonna get back)
Number

Never get back to you
