Little Mix

I don't even know how I did that Need a round of applause Just like cream to a kitty cat Lining up at the door Maybe it's the way I work it My beach bring the boys to the shore Maybe it's the way I flirt

That they get hurt, they just don't learn

I don't even know Why they fall like dominoes

Oh my gosh, I did it again

Oh my gosh, I did it again He said I broke his heart, it keeps happening I don't know why they always fall for me Why they always fall for Oh my gosh, I did it again He said I broke his heart, it keeps happening I don't know why they always fall for me Why they always fall for

Them boys getting too ambitious They should win an award Got twenty more, plenty more fishes But I still come first Maybe I'm superstitious I want to break this curse They say they want to lay it on me I'm their one and only girl

I don't even know Why they fall like dominoes

Oh my gosh, I did it again He said I broke his heart, it keeps happening I don't know why they always fall for me Why they always fall for Oh my gosh, I did it again He said I broke his heart, it keeps happening I don't know why they always fall for me Why they always fall for

Oh my gosh, I think I did it again Broke his heart, why does this keep happening? Don't come crying when I say it's the end I'm ringing the alarm, boy you better run on

Oh my gosh, I did it again He said I broke his heart, it keeps happening I don't know why they always fall for me Why they always fall for

Oh my gosh Oh my, oh my, oh oh oh Oh my gosh Oh my, oh my, oh oh oh Oh my gosh
