

# Towers

Little Mix

You turn, and I learned that the world comes falling down  
Not a word, only hurt when my friends can't tell now  
I feel loved when I see your face  
But all these scars, I can't replace  
Shock me high  
Hit me hard, and I don't know what you say

When you knock on my door  
And tell me you don't want to fight  
Oh, baby I'm sure that I'm not gonna fall this time

You never brought me flowers  
Never helped me in my darkest hours  
And you left it so late that my heart feels nothing nothing in towers  
Once we were made like towers  
Everything could've been ours  
But you left it too late now my heart feels nothing nothing at all

It's a shame  
You're to blame  
'Cause once you owned my heart  
I remember feeling so high  
But I'm right back at the start  
I still feel loved when I see your face  
But all these tears I can't erase  
Sorry hard, I'm sorry hard  
But we'll have to start again  
So don't knock on my door and tell me you don't wanna fight  
'Cause I've heard it before  
And I'm not gonna let this time  
Not going back this time

You never brought me flowers  
Never helped me in my darkest hours  
And you left it so late that my heart feels nothing nothing in towers  
Once we were made like towers  
Everything could've been ours  
But you left it too late now my heart feels nothing nothing at all

Nothing at all

When you're close I wanna change mind  
But I remember you and know we're lying  
I don't wanna let you waste my time  
And you never brought me flowers  
Never helped me in my darkest hours  
And you left it so late that my heart feels nothing nothing at all

Once we were made like towers  
Everything could've been ours  
But you left it too late now my heart feels nothing nothing at all

Nothing at all  
Nothing at all

Once we were built like towers  
Nothing at all

We were built like towers
