

# Every Day Of My Life

Little River Band

With everyday of my life, I can surely see  
Now where I am going, and everyday of this year  
I can clearly see I ain't wasted any time, no time at all

With everyday of my life, I've tried so hard to keep it on goin  
g  
How can I keep it on going? But other people around  
Keep on draggin' me down to the ground, drag me  
Down to the ground, they don't know move too slow

With everyday of my life, I am slowly growing tired of excuses  
And every question I raise, getting nothing but hurt  
And abuses from your mind, don't mind at all  
I don't mind at all, no no

Don't know why life's hard for us 'cause we sure do try  
Forget your cares and worries, you know that we'll get by  
Yes, we'll get by, don't need your help or sympathy  
Ain't getting down on bended knee, sooner or later you'll disco  
ver  
Don't turn your back on your own brother

With everyday of my life, I can surely see  
Now where I am going, and everyday of this year  
I can clearly see I ain't wasted any time, no time at all
