

# Lady

Little River Band

Look around you, look up here  
Take time to make time, make time to be there  
Look around, be a part  
Feel for the winter, but don't have a cold heart

And I love you best  
You're not like the rest  
You're there when I need you  
You're there when I need  
I'm gonna need you

A long time ago I had a lady to love  
She made me think of things I never thought of  
Now she's gone and I'm on my own  
A love song has come into my mind  
A love song, it was there all the time

So, lady, let me take a look at you now  
You're there on the dance floor making me want you somehow  
Oh, lady, I think it's only fair I should say to you  
Don't be thinking that I don't want you, 'cause maybe I do

Look around, come to me  
I have no answers, but know where I wanna be  
I look around, play a part  
I was born in the winter and cooled by a warm heart

And I love you best  
You're not like the rest  
You're there when I need you  
You're there when I need  
I'm gonna need you

So, lady, let me take a look at you now  
You're there on the dance floor making me want you somehow  
Oh, lady, I think it's only fair I should say to you  
Don't be thinking that I don't want you, 'cause maybe I do  
Don't be thinking that I don't want you, lady, I do
