

# Look In Your Eyes

Little River Band

When I lie awake at night and I gently touch your cheek  
The worries of the day slowly drift away  
As I close my weary eyes and I feel you gently breathe  
I think of all you are and slowly float away

Here we are in our world  
Looking for a sign  
When I find that I'm lost

I look in your eyes  
There's that look in your eyes

When I feel alone I simply think of you  
Mistakes I have made, pains I have felt  
Fade into nothing

You are all that I am  
The strength I'm looking for  
With the world on my shoulders

I look in your eyes  
There's that look in your eyes

Nothing will change how I feel  
From the moment I loved you

Till the day that we die you are my rock,  
You're my pain, you're my life  
From the moment I loved you forever forever  
Forever

When you touch me I falter  
Feeling like a child  
In that moment of wonder

I look in your eyes  
There's that look in your eyes  
There's that look, that look in your eyes
