## **Look In Your Eyes**

## **Little River Band**

When I lie awake at night and I gently touch your cheek The worries of the day slowly drift away
As I close my weary eyes and I feel you gently breathe
I think of all you are and slowly float away

Here we are in our world Looking for a sign When I find that I'm lost

I look in your eyes
There's that look in your eyes

When I feel alone I simply think of you Mistakes I have made, pains I have felt Fade into nothing

You are all that I am
The strength I'm looking for
With the world on my shoulders

I look in your eyes
There's that look in your eyes

Nothing will change how I feel From the moment I loved you

Till the day that we die you are my rock, You're my pain, you're my life From the moment I loved you forever forever Forever

When you touch me I falter Feeling like a child In that moment of wonder

I look in your eyes
There's that look in your eyes
There's that look, that look in your eyes
