

# One For The Road

Little River Band

We all say that we don't care for money  
Money takes a second place  
Now I don't care but it seems kind of funny  
Me and the boys in a race

And in between times  
Crossing county lines  
Drinking cheap red wines  
Coping with our ups and downs

And the band just keeps on a-rollin'  
We all keep it on goin'  
Have another on me  
One for the road

Day in, day out, times keep a-changing  
Every night a different crowd  
It's hard keeping track of how our life's rearranging  
At times it helps to cry out loud

As we get older  
We'll go our separate ways  
Look for better days  
There maybe ain't a second chance

And the band just keeps on a-rollin'  
We all keep it on goin'  
Have another on me  
One for the road

When the sun don't shine  
We hardly get time to be living, no, no, no  
We get no rest  
But we do our best every night

When we're feeling down  
We can call our town  
It's at the end of a telephone line  
It's sad that we won't be goin' home for a long time

And the band just keeps on a-rollin'  
We all keep it on goin'  
Have another on me  
One for the road, yeah, yeah, yeah

And the band just keeps on a-rollin'  
We all keep it on goin'  
The band just keeps on a-rollin'  
We all keep it on goin'  
The band just keeps on a-rollin'  
We all keep it on goin'  
The band just keeps on a-rollin'  
We all keep it on goin'
