

Forget About Forgetting You

Little Texas

You'd think I'd have better things to do
Than to sit around and think of you
After what you've put me through
Oh, you'd think, baby, after all this time
I wouldn't let you cross my mind and break my heart in two

Lookin' back, I see clearly now
I always thought that someday I'd get over you somehow
But your memory stays, it just won't go away
I've done all that I can do
I should just forget about forgetting you

Well, I thought that I could make it on my own
I could learn to live my life alone
But time has only proved me wrong
Oh, I thought that I could find somebody new
To help to get me over you but I'm still hangin' on

And lookin' back I see clearly now
I always thought that someday I'd get over you somehow
But your memory stays, it just won't go away
I've done all that I can do
Well, I should just forget about forgetting you

But your memory stays, it just won't go away
I've done all that I can do
Well, I should just forget about forgetting you
Yeah, yeah, yeah, yeah, yeah
I should just forget about forgetting you
