

## Love Crime

Liv Kristine

Creeping upon me at night  
Like a numb shadow  
Calling my echoing mind  
Armor forced aside

Why am I here within sight  
Of your crime?  
Oh, this is my fate  
Love's going to die

Copious tears that fall  
Leaving wounding scars  
Innocent painful grief  
Shining in your eyes

Why am I here within sight  
Of your crime?  
Oh, this is my fate  
Love's going to die

Why are we here  
Between love and hate?  
Oh, is it too late?  
Love's going to die

This is our fate  
Our love is a crime  
This is our fate  
Love is a crime
