

# Love Shines (A Song for My Daughters About God)

Live

On a crystal clear blue morning  
There is a peace that only you can know  
It is truth and love and it is always there  
Even if you fall down  
Even if you fall down  
Love shines

Oh, it shines  
Like an eternal sun, it shines  
Oh, love shines  
Like an eternal sun, it shines

Think of gentle Jesus  
Think of the buddha underneath his tree  
They taught the world about love and how we all can be  
How we can all be free  
Open our hearts and see  
Love shines

Oh, it shines  
Like an eternal sun, it shines  
Oh, love shines  
Like an eternal sun, it shines  
Oh, it shines  
Like an eternal sun, love shines

It shines  
Like a revolution in your mind  
Like a revolution in your mind  
Like a revolution in your mind

On a crystal clear blue morning  
There is a peace that only you can know  
It is truth and love and it is always there  
Even if you fall down  
Even if you fall down  
Love shines

Oh, it shines  
Like an eternal sun, it shines  
Oh, love shines  
Like an eternal sun, it shines  
Oh, it shines, baby  
Like an eternal sun, love shines

It shines, shines, shines, shines, shines  
Love, it shines, shines, shines, shines, shines  
Love, it shines, shines, shines, shines, shines  
Love shines
