

Night of Nights

Live

Tonight the road has no end
And you are my only friend

Oh, so I give you my love
It's all that I have to give
Oh, I give you my love
I give you my love

Tonight the answer is clear
We are so far and so near

Oh, so I give you my love
It's all that I have to give
Oh, I give you my love
And the life I have left to live
Oh, I give you my love
It's all that I have to give
Oh, I give you my love

I give you my love
I give you my love

Like a diamond
She never stops shinin'
She's always alive
And she's walking with me

Tonight we stand as one heart
One mind, nothing left behind

Oh, so I give you my love
It's all that I have to give
Oh, I give you my love
And the life I have left to live
Oh, I give you my love
Yeah, I give it
Oh, yeah, I give you my love

I give you my love
I give you my love
