

## Rattlesnake

Live

Let's go hang out in a mall, or a morgue,  
a smorgasbord  
let's go hang out in a church  
we'll go find lurch  
then we'll haul ass down through the abbey  
is it money, is it fame,  
what's in a name, shame?  
is it money  
is it fame  
or were they always this lame?

It's a crazy, crazy mixed up town  
it's the rattlesnake I fear  
in another place, in another time  
I'd be drivin' trucks my dear  
dear, dear

Let's go hang out in a bar  
it's not too far  
we'll take my car  
we'll lay flowers at the grave of jesco white  
the sinner's saint  
the rack is full and so are we  
of laughing gas and ennui

It's a crazy, crazy mixed up town  
it's the rattlesnake I fear  
in another place, in another time  
I'd be drivin' trucks my dear  
I'll be skinnin' hunted deer  
deer
