## The Dolphin's Cry

The way you're bathed in light Reminds me of that night God laid me down into your rose garden of trust And I was swept away With nothin' left to say Some helpless fool Yeah I was lost in a swoon of peace You're all I need to find So when the time is right Come to me sweetly, come to me Come to me

Love will lead us, alright Love will lead us, she will lead us Can you hear the dolphin's cry? See the road rise up to meet us It's in the air we breathe tonight Love will lead us, she will lead us

Oh yeah, we meet again It's like we never left Time in between was just a dream Did we leave this place? This crazy fog surrounds me You wrap your legs around me All I can do to try and breathe Let me breathe so that I So we can go together!

Love will lead us, alright Love will lead us, she will lead us Can you hear the dolphin's cry? See the road rise up to meet us It's in the air we breathe tonight Love will lead us, she will lead us

Life is like a shooting star It don't matter who you are If you only run for cover, it's just a waste of time We are lost 'til we are found This phoenix rises up from the ground And all these wars are over

Over Over Singin' la da da, da da da Over Come to me Come to me Yeah la da da da, da da da Come to me

Love will lead us, alright Love will lead us, she will lead us Can you hear the dolphin's cry? See the road rise up to meet us It's in the air we breathe tonight Love will lead us, she will lead us

Life is like a shooting star It don't matter who you are If you only run for cover, it's just a waste of time We are lost 'til we are found This phoenix rises up from the ground And all these wars are over They're over They're over They're over

Love will lead us, alright Love will lead us, she will lead us Can you hear the dolphin's cry? See the road rise up to meet us It's in the air we breathe tonight Love will lead us, she will lead us

Love will lead us, alright 'Till it's over, she will lead us Love will lead us, alright Just remember, love will see us Love will lead us, alright
