

# No Time For Lube

Lividity

Girl you will loathe it  
I'll make you love it  
Sticking my cock, up your tight ass!  
Please, please get to your knees  
Spread those cheeks, so I'll get in with ease  
Face down, ass up... bitch this will hurt  
So pucker that hole and let me squirt

No time for lube, you fucking skank  
No time for lube, you fucking skank

Your ass is mine, no pun intended  
There is no lube, just shut your mouth  
Your eyes fixated on my dry tool, bitch I best not pull  
out any stool

Try to spit on my cock  
Try to spit on my cock, I dare you to  
I'll rectally violate you, all night long  
Screams of anal agony, go unheard  
Face embedded in pillow, to muffle sound

Plead with me to tag that pussy one more time  
I deny requests unless it's anal  
Bewildered look in her, and my infatuation with her ass  
Shit eating grin on her face, she takes one more for  
the team

My cock begins to give therapy to that little confused  
rectal hole  
Ass split open wide, and desecration  
She barely endures this violation

Bitch please me, let me ream you rectally

No time for lube, you fucking whore bend over and take  
it dry  
I love tits and smelly little clits but bung is the  
best of all

Thrusting hard cock, balls deep, sack beating up your  
clit  
Pull out my shit laden cock, the stench just will not  
quit  
Bitch pass gas, let me see that cum bubble out your ass

No time for lube, you fucking whore bend over and take  
it dry  
I love tits and smelly little clits but bung is the  
best of all
