

# Holy Roller

Living Colour

Sometimes I Don't no know where I'm going  
Sometimes I Don't where I've been  
Sometimes I Ain't feels like the beginning  
Sometimes I feels just like the end.

But the morning star will light my way  
Come on Holy Roller - Wash my sins away

Sometimes I get so tired  
Sometimes I just want to give on up  
Sometimes I want to lay my burdens down  
Sometimes just ain't enough

But the morning star will light my way  
Come on Holy Roller - Wash my sins away

Come on!

Sometimes I fell like I'm on the road to heaven  
Sometimes I fell like I'm going somewhere else  
Sometimes I'm looking for someone  
All the time I just find myself, come on!

But the morning star will light my way  
Come on Holy Roller - Wash my sins away

Wash down, wash down, wash down, wash down, yeah!  
Wash away, Wash away, Wash away, Wash away!  
Come on and wash way  
Come on and wash way  
Come on and wash way  
Wash my sins away!
