

I Want to Know

Living Colour

Baby you stole my heart
I don't know what to do
Got one problem on my mind
Do you feel the way I do?

I want to know
Give me a sign girl
Open your heart and tell me that you're mine
When you walk down the street
The cats don't even make a noise
They worship at your feet
Acting like little boys

I'm standing in the shadows baby

I got one thing that's on my mind
Gonna make you love me baby
If it takes the rest of my life

I want to know
Give me a sign girl
Open your heart and tell me that you're mine

It takes a lot of guts to show you how I feel
About you
Just say the words and let me know it's real
Or is it just a dream

I'm very patient baby
And I've got a lot of time
I can see a clear horizon
You and me standing side by side

I want know
