

# You And Me

## Living Death

My heart is burning hot, but you don't love me  
I want to try up, but you made me stop  
I read in every letter that you were a slattern  
And I'm not slight, I hold, hold you tight

When you're skulking, you planned a bad thing  
And in you eyes I see the lies  
Take some advice before you pay the price  
And your desperation, for me a sensation

You And Me, the Devil see  
You And Me, I wanna be free  
You And Me, the Devil see  
Me And You

My heart is burning hot, but you don't love me  
I want to try up, but you made me stop  
I read in every letter that you were a slattern  
And I'm not slight, I hold, hold you tight

You And Me, the Devil see  
You And Me, I wanna be free  
You And Me, the Devil see  
Me And You

When you're skulking, you planned a bad thing  
And in you eyes I see the lies  
Take some advice before you pay the price  
And your desperation, for me a sensation

My heart is burning hot, but you don't love me
