

Bombs Below

Living Things

We sit calm now, we sit strong
Where the monkeys, where the show?
But if you come along
Yeah, you'll be alright

Some say that we're back in school
Back in school we'll break the rules
Yeah, we'll break the rules
But you'll be alright

We salute you
Where do all the dead-boys go? Go, go, go, go
No solution, just bombs below
Where do all the dead boys go? Go, go, go, go, yeah

Party town, yeah, were black and blue
Party town, we'll pray for you
We're gonna win the war
That's what you kids are for

We salute you
Where do all the dead boys go? Go, go, go, go
No solution, just bombs below
Where do all the dead boys go? Go, go, go, go
No solution just bombs below, yeah
Go, go, go, go

We sit calm now, we sit stoned
Where the monkeys, where the show?
And if you come along
Yeah you'll be alright

We salute you
Where do all the dead boys go? Go, go, go, go
No solution, just bombs below
Where do all the dead boys go? Go, go, go, go
No solution just bombs below
