

Wrong Place Right Time

Living With Lions

Stumbling is harder when everything's been
laid out and locked down with lines in between
I can see the things that are coming at me
so come on

Knock, knock my feet
right out from under me
and won't you kick me when I'm down
I'm in the wrong place at the right time

Head up, blocking out the punches
and sucking up my pride
Don't know if this time I'll make it out alive
but watch me try

Knock, knock my feet
right out from under me
and won't you kick me when I'm down
I'll recover 'cause I still remember the path of the righteous
I haven't had enough 'cause it's not over.

When everything is falling,
I'll try my best to survive.
I'm ready, in the wrong place
at the right time.

I'm loosing sight
for the strength of night
and everything, everything is in my way
