

Canary

Liz Phair

I learn my name
I write with a number two pencil
I work up to my potential
I earn my meat
I come when called
I jump when you circle the cherry
I sing like a good canary
I come when called
I come, that's all
Send it up on fire
Death before dawn
Send it up on fire
Death before dawn
I clean the house
I put all your books in an order
I make up a colorful border
I clean my mouth
Cause froth comes out
Send it up on fire
Death before dawn
Send it up on fire
Death before dawn
